ABOUT ME

Dedicated and results-oriented professional with a solid background in business analysis and data management. With a keen eye for detail and a passion for leveraging data to drive strategic decisions, I have honed my skills in SQL, Python, and various data modeling techniques. My experience at Almasons Consulting LLC equipped me with the ability to develop and maintain robust SQL procedures, troubleshoot core business applications, and collaborate effectively with cross-functional teams. As a proactive problem solver, I excel in identifying opportunities for process optimization and implementing scalable solutions. Currently pursuing a Master's in Data Science at GISMA University, I am deeply committed to advancing my expertise in the field and contributing meaningfully to data-driven initiatives. Eager to embark on a fulfilling career in Data Science, I bring enthusiasm, adaptability, and a drive for continuous learning to every endeavor.
